

## The International Ranch Ministry Conference

## About the International Ranch Ministry Conference – September 25 – 28, 2025

The Conference first started as the East Coast Ranch Ministry Clinic in 2015 by Alison Boyd, co-founder of Wings of Hope Ranch. Our mission is to connect people who are starting or already working in equine/ranch type non-profit ministries that serve unique populations. Many ministries in attendance are passionate about reaching children with special needs, trauma and trafficking victims, veterans, addiction/recovery, first responders, and the foster/adopt community. This will be our event's TENTH anniversary and to celebrate we are adopting the name "The International Ranch Ministry Conference"! It is a nod to the way the Lord has blessed this event and brought attendees and speakers from as far away as Australia, Canada, and Peru!

Often the ministry leaders who attend utilize horses. Some also incorporate farm animals and related activities like art, gardening and woodworking to minister to their chosen people/clients. The conference includes worship and praise, meals, and educational sessions on ministry, programming, horse training, fundraising, and other related topics pertinent to people serving in this way. Presenters are a mix of fellow ministry leaders as well as industry experts with a national presence.

It is amazing to see the impact the Conference has as each participant goes back refreshed and brings high caliber programming to serve a need in their community. .

To be a part of this educational experience we invite you to be an Event Sponsor. Sponsors help keep the costs of the conference at a minimum so participants that are offering their programs to their communities can attend without it being a financial burden.
